

Instructions de montage

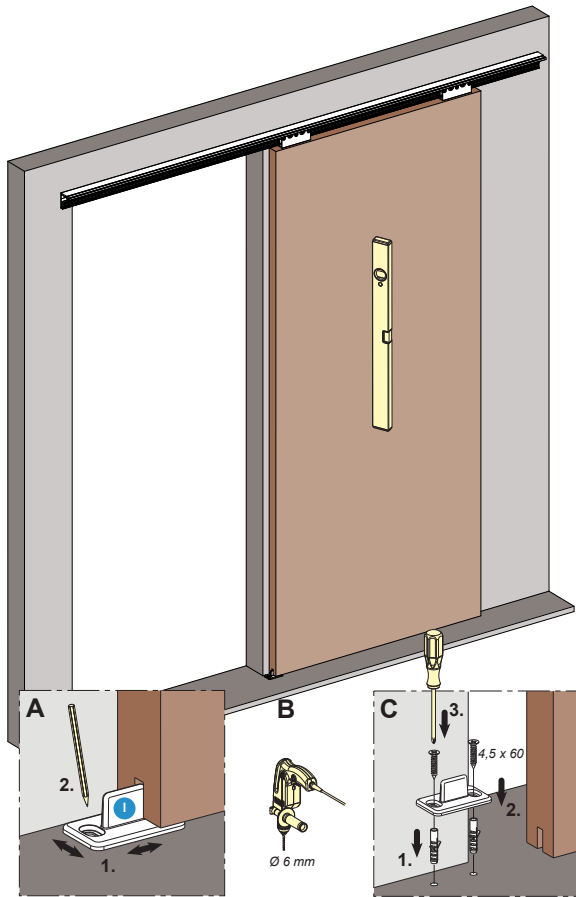

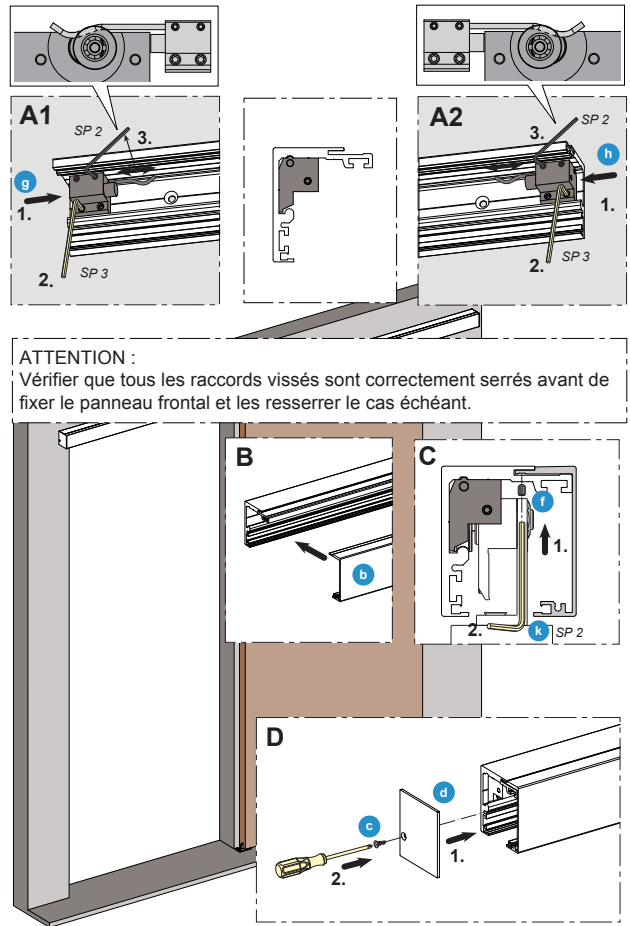

Armature de porte coulissante Move / Reos

Armature de porte coulissante pour portes en bois jusqu'à 120 kg

* En cas d'usure importante ou de problèmes similaires, remplacer le butoir en caoutchouc - si besoin, s'adresser au SAV.

5**6**

ATTENTION :
 Vérifier que tous les raccords vissés sont correctement serrés avant de fixer le panneau frontal et les resserrer le cas échéant.
